

The Program Sustainability Institute 2008 Workshops

Episcopal Charities' new Program Sustainability Institute offers a series of trainings and workshops for parish-based and parish-supported outreach programs in the Episcopal Diocese of New York. These sessions are aimed at helping programs achieve maximum operational success and sustainability. Rectors and priests-in-charge, program directors, volunteers – anyone overseeing or involved with the operations of a program - are invited to participate. Workshop leaders will be experienced directors of parish-based outreach programs who will navigate participants through the singular challenges and opportunities of faith-based outreach ministry.

For recipients of current Episcopal Charities Youth Opportunity grants, the program director is **required** to attend workshops*. Recipients of 2009 Basic Human Needs grants will also be required to attend. All outreach program staff and volunteers in the diocese are invited to sign up.

Each workshop is offered on Saturday mornings, from 10am-noon, both in Manhattan at the Diocesan offices in Diocesan House, *and* in Wappingers Fall at Zion Church.

2008 Workshop Schedule

<u>Workshop</u>	<u>Diocesan House</u>	<u>Zion Church</u>
Fundraising Essentials	September 13	September 20
Technology & Outreach	October 18	October 25
Sustaining Programs	November 8	November 1

To register for a workshop, contact The Reverend Donna Dambrot, Associate Director of Episcopal Charities, at ddambrot@diocesenyc.org, or by phone at 212-316-7426.

** Unless excused due to emergency*
